## WHY YOU SHOULD JOIN CTA

CTA is a not-for-profit organization working to improve the cybersecurity of our global digital ecosystem by enabling near real-time, high-quality cyber threat information sharing among companies and organizations in the cybersecurity field. This novel approach brings together companies that typically compete with one another and enables them to work together for the greater good.

### Protect End-Users

Members use our automated platform to share, validate, and deploy actionable threat intelligence to their customers in near-real time.

### Disrupt Malicious Actors

CTA and its members create outputs, collaborate on actions, and respond to cyber incidents to reduce the overall effectiveness of malicious actors' tools and infrastructure.

### Elevate Overall Security

CTA shares content, establishes partnerships, and promotes policies that enhance the overall security and resilience of the digital ecosystem.

## WHAT WE ARE SHARING

- » Approximately 10,000,000 observables per month in STIX 2.1 packages, with an average of three pieces of context per observable.
- » STIX 2.1 packages include a range of observables and TTPs across the kill chain.
- » Observables include, for example: files, domain names, addresses, and Uniform Resource Identifiers (URIs).
- » Over 50 TTPs from MITRE's Common Attack Pattern Enumeration and Classification (CAPEC™) and Adversarial Tactics, Techniques, and Common Knowledge (ATT&CK™).
- » Membership in CTA gives members access to validated, curated threat intelligence they might otherwise not have.

## THE BENEFITS OF JOINING CTA

- » Join a unique community of experts who share insights and best practices.
- » Get cybersecurity industry leaders on speed dial.
- » Access CTA's automated platform for sharing cyber threat intelligence.
- » Share timely, actionable, contextualized, and campaign-based intelligence.
- » Improve your products and services to protect your customers.

# 35

Current members, and we're actively growing our membership to include cybersecurity companies from around the world and in **every part of the ecosystem**.

# 3

**MEMBERSHIP CATEGORIES**

**Contributing Members:** Share intelligence with and draw information from our platform, participate in human-speed sharing activities, and engage in disruption of malicious cyber activity.

**Affiliate Members:** Have all the above benefits, and representation on the committees that govern CTA's operations, including communications and advocacy positions. Affiliate members are also eligible to run for a seat on CTA's Board of Directors.

**Charter Members:** Have all the above benefits and a guaranteed seat on CTA's Board.

## WHAT ARE OUR MEMBERSHIP CRITERIA?

**All potential members undergo a thorough vetting process to ensure that membership would be mutually beneficial. Prospective members must meet the four baseline criteria below to be considered for membership:**

- » Your organization must be eligible to conduct business in the United States.
- » Your organization must have cyber threat intelligence to submit to CTA.
- » Your organization must maintain the technical capability to share and receive cyber threat intelligence to and from CTA.
- » Your organization must not have undue influence from government affiliations, other than customer relationships, that are contrary to CTA's purpose.

## WE ARE OPEN TO PARTNERSHIPS

**If you are a Computer Emergency Response Team, Information Sharing and Analysis Organization, research institution, or other group** looking for more information on partnership opportunities, [visit our website](#) to learn more or contact us today: [info@cyberthreatalliance.org](mailto:info@cyberthreatalliance.org).
